INFORMATION TECHNOLOGY MANAGEMENT SERVICE
Camp BGen Rafael T Crame, Quezon City

MEMORANDUM

FOR : See Distribution
FROM : D, ITMS
SUBJECT : **4 Things You Can Do To Keep Yourself Cyber-Safe**
DATE : October 12, 2021

1. Reference: <https://www.cisa.gov/4-things-you-can-do-keep-yourself-cyber-safe>.
2. Held every October, National Cyber Security Awareness Month (NCSAM) is an effort by the government and the cybersecurity industries around the world to raise awareness about the importance of cybersecurity, ensuring that everyone has the resources they need to be safer and more secure online.
3. Relative to the above, NCSAM is an opportunity to engage local government and law enforcement through events and initiatives to raise awareness about cybersecurity and increase the nation's resiliency in the event of a cyber incident.
4. To help raise awareness on cybersecurity, this Service has been regularly crafting and releasing cybersecurity advisories and bulletins to keep the PNP organization informed on the latest news, trends, and tips on being cyber secure.
5. In this regard, this Service recommends the following basic hygiene in protecting oneself online:
 - a. Implement Multi-Factor Authentication on Accounts and Devices to make it less likely to be hacked;
 - b. Regularly Update Software Patches and Packages;
 - c. Think Before You Click – More than 90% of successful attacks start from phishing; and
 - d. Use strong passwords, and ideally, a password manager to generate and store unique passwords.
6. Further, disseminate to all personnel to raise awareness on being Cyber-Safe and reduce the risks of falling into Cyber-Scams. Also, see attached content for uploading to maximize the information dissemination on websites.

7. You may visit itms.pnp.gov.ph to download learning materials regarding cybersecurity under the Computer Security Tab. Should you have any inquires and concerns, you may contact ISSD at 8723-0401/8537-4560 local 6546 or e-mail us at issd.itms@pnp.gov.ph.

8. For widest dissemination.
